

Mercy University Hospital, Cork is a Catholic Voluntary Hospital founded in 1857 by the Sisters of Mercy. It is a centre of National and International excellence, renowned for its research and tertiary services and is a teaching hospital of University College Cork. The Mercy University Hospital provides specialist in-patient, day-patient out-patient services and accident and 24/7 emergency services in the centre of Cork City.

We are currently looking for candidates to fill the following position(s);

Basic Grade Clinical Measurement Physiologist in GI Physiology Temporary Full-time

(Until: April 2018.)

Mercy University provides a comprehensive service in GI Function Testing within its' local catchment population and at a national level. This is a fantastic opportunity for a graduate in Clinical Measurement Science to gain experience in GI Physiology. The role offers great scope to develop a career in technical GI physiology that will enhance your experience in a growing discipline.

Responsibilities - *The post holder will be responsible for;*

Working within the GI Function Unit, as part of the Department of Gastroenterology and supervised by a Chief Clinical Measurement Physiologist, you will learn and develop the skills required in the provision of a diagnostic service in gastroenterology. It would be preferable to have to have some knowledge and previous experience of GI Physiology testing but training will be provided.

Eligibility Criteria - *Candidates:*

Possess the BSc in Clinical Measurement or currently in final year of the BSc, from Dublin Institute of Technology or equivalent as confirmed by the Irish Institute of Clinical Measurement Science (IICMS)

Or
Certificate in Medical Physics and Physiological Measurement (prior 2001) from Dublin Institute of Technology or equivalent as confirmed by the Irish Institute of Clinical Measurement Science (IICMS)

Or
Possess an equivalent relevant scientific qualification (level 8) as confirmed by the Irish Institute of Clinical Measurement (IICMS)

Desirable:

Candidates must be able to demonstrate the clinical capacity and administrative capacity associated with the role
Ability to conduct all technical aspects of GI Physiology testing under supervision

Closing Date: Friday 12th May 2017 at 1pm
