## Mercy University Hospital Cork Company Limited by Guarantee

(A Company Limited by Guarantee not having a Share Capital)

Directors' Report and Financial Statements

For the financial year end 31 December 2022

Registration Number: 353064

We hereby certify that the accompanying directors' report, independent auditor's report, profit and loss account, statement of comprehensive income, balance sheet, statement of changes in equity, statement of cash flows and accompanying notes are true copies of that laid or to be laid before the AGM.

Director

Yours faithfully

Neil O'Carroll

Director

### **DIRECTORS' REPORT**

The directors present their annual report and the audited financial statements of the company for the financial year ended 31 December 2022.

### **ACTIVITIES**

The company is a company limited by guarantee, not having a share capital.

The activities of the company are charitable; the relief, cure, and the prevention of sickness and to provide, construct and continue the governance, management, control and development of the Mercy University Hospital Cork Company Limited by Guarantee and all ancillary services and facilities within and associated with the Hospital in accordance with the governance charter.

### **FUTURE DEVELOPMENTS**

The company plans to continue providing high quality healthcare, together and keeping pace with appropriate developments and improvements in medical and clinical healthcare practices in line with the hospital's strategy.

BUSINESS REVIEW 2022 2021 € €

Deficit for the financial year (1,303,270) (1,389,177)

Revenue for the financial year amounted to €154.6 million (2021 €138.1 million), which is an increase of €16.5 million (2021: €6.8 million) compared with prior year.

Total operating costs for the financial year amounted to €155.8 million (2021: €139.4 million). This represents an increase of €16.4 million (2021: €9.5 million). For the Financial year 2022 pathways and new ways of working introduced as a result of COVID19 remained in place. Also, during 2022 Mercy University Hospital opened a new 30 bed Modular build. Staffing requirements to safely run and operate these wards were onboarded during 2022. Similar to 2022 it is expected in 2023 that these costs and losses will be funded fully by the Health Service Executive ("HSE").

The hospital's determination for the financial year from the Health Service Executive ("HSE") amounted to €132 million (2021: €117.2 million).

Net assets are €7.8 million (2021: €9.1 million), a decrease of €1.3 million (2021: increase of €0.9 million).

### **DIRECTORS**

The present membership of the board is set out on page 2. All directors served throughout the financial year with the exception of the following:

- Mr. Neil O'Carroll (Chairman) (Resigned 27<sup>th</sup> June 2022, Re-Appointed 26<sup>th</sup> September 2022
- Mr. John Buttimer (Resigned 23<sup>rd</sup> May 2022)
- Ms. Margaret Lane (Resigned 27<sup>th</sup> June 2022)
- Mr. Joe O'Shea (Resigned 23<sup>rd</sup> May 2022, Re-Appointed 28<sup>th</sup> November 2022)
- Mr. Jim Woulfe (Appointed 26<sup>th</sup> September 2022)
- Mr. Ciaran Murphy (Appointed 27<sup>th</sup> February 2023)
- Ms. Edwina Nyhan (Appointed 11<sup>th</sup> April 2023)

### **DIRECTORS' AND SECRETARY'S INTEREST IN SHARES**

The directors and secretary did not hold any interests in the company. The company is limited by guarantee. It does not have share capital.

### **DIRECTORS' REPORT**

### **EVENTS AFTER THE BALANCE SHEET DATE**

There have been no other significant events affecting the company since the end of the financial year that require disclosure in these financial statements.

### ACCOUNTING RECORDS

The measures that the directors have taken to secure compliance with the requirements of sections 281 to 285 of the Companies Act 2014 with regard to the keeping of accounting records, are the employment of appropriately qualified accounting personnel and the maintenance of computerised accounting systems. The company's accounting records are maintained at the company's registered office at Grenville Place, Cork.

### TRANSACTIONS INVOLVING DIRECTORS

There were no contracts or arrangements of any significance in relation to the business of the company, at any time during the year ended 31 December 2022.

### **TAXATION STATUS**

The company has been granted charitable status by the Revenue Commissioners of Ireland.

### FINANCIAL RISK MANAGEMENT

The company's operations expose it to financial risks mainly in respect of credit and cash flow and has an appropriate risk management in place to manage its financial exposure in respect of these risks.

### **CREDIT RISK**

Appropriate policies are in place that require credit checks around the supply of services by the company. Receivable balances are subject to ongoing monitoring and an allowance for impairment is made where there is evidence of a reduction in the estimated recoverability of the related cash flows.

### **CASH FLOW**

The company is substantially dependent on financing from the Health Service Executive and engages on an ongoing basis in connection with the timing of the receipt of these funds so as to ensure that sufficient funds are available to fund ongoing operations. In addition, the company has in place a short-term overdraft arrangement to allow for effective cash flow management.

### **DIRECTORS' REPORT**

### **GOING CONCERN**

The financial statements of Mercy University Hospital have been prepared on a going concern basis. The company recorded a deficit amounting to €1,303,270 (2021: deficit of €1,389,177) for the year ended 31 December 2022 and its net current assets at that date amounted to €4,351,471 (2021 (Net current assets): €4,187,469).

Mercy University Hospital continues to feel the impact of COVID19. The pandemic continues to give rise to exceptional costs from the employment of additional staff to support new ways of working, and infrastructural changes that must be made. Following the Cyber Attack that severely impacted the hospital, continued investment is being made to safeguard the hospitals IT infrastructure against further attacks. During 2022 Mercy University Hospital opened a new 30 bed Modular build. Staffing requirements to safely run and operate these wards were onboarded in 2022. It is expected that these costs will be funded fully by the Health Service Executive ("HSE").

The majority of the hospital's funding comes from the HSE. The directors have completed an assessment of the company's ability to continue as a going concern by reference to its current financial position and its cash flow forecasts for the foreseeable future. This assessment reflected assumptions in relation to funding requirements, activity levels, and cost increases. The company will continue to engage with the HSE in relation to its funding requirements. On this basis, and on the basis of past experience, the directors believe that adequate funding will be available to enable the company to provide services without significant curtailment for at least twelve months from the date of approval of the financial statements.

Accordingly, the directors consider it appropriate to prepare the financial statements on a going concern basis. The financial statements do not include the adjustments that would result if the company was unable to continue as a going concern.

### **POLITICAL DONATIONS**

The Electoral Act, 1997, as amended, requires companies to disclose all political donations to any individual party over €200 in value made during the financial year. The directors, on enquiry, have satisfied themselves that no such donations in excess of this amount have been made by the company.

## RESEARCH AND DEVELOPMENT

The company does not engages in certain medical research in collaboration with University College Cork.

### PROMPT PAYMENTS OF ACCOUNT ACT, 1997 (As amended)

The directors acknowledge their responsibility for ensuring compliance with the Prompt Payments of Accounts Act, 1997, as amended by the European Communities (Late Payment in Commercial Transactions) Regulations, 2002. The directors use their best endeavours to ensure that the company has complied with the provisions of the Act.

## **AUDIT COMMITTEE**

The company has established an audit committee pursuant to Section 167 of the Companies Act 2014.

### **DIRECTORS' REPORT**

### **DIRECTORS' COMPLIANCE STATEMENT**

The directors acknowledge that they are responsible for securing the company's compliance with the relevant obligations as set out in section 225 of the Companies Act 2014.

The directors confirm that:

- 1. A compliance policy statement has been drawn up that sets out the policies that in our opinion are appropriate to the company, in respect of its relevant obligations.
- 2. Appropriate arrangements or structures are in place that are, in our opinion, designed to secure material compliance with the company's relevant obligations; and
- 3. During the financial year, the arrangements or structures referred to in (2) have been reviewed.

### **AUDITOR**

The auditor, Deloitte Ireland LLP, Chartered Accountants and Statutory Audit Firm, continues in office in accordance with Section 383(2) of the Companies Act 2014.

### **DISCLOSURE OF INFORMATION TO AUDITORS**

So far as each of the directors in office at the date of approval of the financial statements is aware:

- There is no relevant audit information of which the company's auditors are unaware; and
- The directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Signed on behalf of the Board

Neil O'Carroll Director

24 April 2023

## DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022

The directors are responsible for preparing the directors' report and the financial statements in accordance with the Companies Act 2014.

Irish company law requires the directors to prepare financial statements for each financial year. Under the law, the directors have elected to prepare the financial statements in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland issued by the Financial Reporting Council ("relevant financial reporting framework"). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities, and financial position of the company as at the financial year end date and of the profit or loss of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies for the Company Financial Statements and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with the applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and directors' report comply with the Companies Act 2014 and enable the financial statements to be audited. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for ensuring that the company complies with the provisions of the Prompt Payments of Accounts Act 1997 as amended by the European Community (Late Payment in Commercial Transactions) Regulations 2002.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE MERCY UNIVERSITY HOSPITAL CORK COMPANY LIMITED BY GUARANTEE

### Report on the audit of the financial statements

Opinion on the financial statements of Mercy University Hospital Cork Company Limited by Guarantee (the 'company')

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the company as at 31 December 2022 and of the deficit for the financial year then ended; and
- have been properly prepared in accordance with the relevant financial reporting framework and, in particular, with the requirements of the Companies Act 2014.

The financial statements we have audited comprise:

- the Profit and Loss Account;
- the Statement of Comprehensive Income;
- the Balance Sheet;
- the Statement of Changes in Equity;
- the Statement of Cash Flows; and
- the related notes 1 to 25, including a summary of significant accounting policies as set out in note 1.

The relevant financial reporting framework that has been applied in the preparation of the company financial statements is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council ("the relevant financial reporting framework").

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are described below in the "Auditor's responsibilities for the audit of the financial statements" section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE MERCY UNIVERSITY HOSPITAL CORK COMPANY LIMITED BY GUARANTEE

### Other information

The other information comprises the information included in the Reports and Financial Statements other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the Reports and Financial Statements. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view and otherwise comply with the Companies Act 2014, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on IAASA's website at: <a href="https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the-financial-statements/">https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the-financial-statements/</a>. This description forms part of our auditor's report.

/Continued from previous page

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE MERCY UNIVERSITY HOSPITAL CORK COMPANY LIMITED BY GUARANTEE

### Report on other legal and regulatory requirements

### Opinion on other matters prescribed by the Companies Act 2014

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the company were sufficient to permit the financial statements to be readily and properly audited.
- The Financial Statements are in agreement with the accounting records.
- In our opinion the information given in the directors' report is consistent with the financial statements and the directors' report has been prepared in accordance with the Companies Act 2014.

### Matters on which we are required to report by exception

Based on the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the provisions in the Companies Act 2014 which require us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by law are not made.

### Use of our report

This report is made solely to the company's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

John Kelly

For and on behalf of Deloitte Ireland LLP Chartered Accountants and Statutory Audit Firm Cork

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022

### 1. STATEMENT OF ACCOUNTING POLICIES

The significant accounting policies adopted by the company are as summarised below.

They have been applied consistently throughout the financial year and the preceding financial year.

### GENERAL INFORMATION AND BASIS OF ACCOUNTING

Mercy University Hospital Cork CLG is a company incorporated in Ireland under the Companies Act 2014. The address of the registered office is Bishop Street, Cork and the registered company number is 353064. The nature of the company's operations and its principal activities are set out in the directors' report.

The financial statements have been prepared under the historical cost convention, and in accordance with the Companies Act 2014 and Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council.

The functional currency of Mercy University Hospital is considered to be euro because that is the currency of the primary economic environment in which the company operates.

### **TURNOVER**

Income includes the invoice value of services provided by the Hospital and is recognised when the service is provided. Accident and emergency and road traffic accident income is accounted for on a cash receipts basis

The Health Service Executive (HSE) determination is receivable from the HSE and is treated as turnover in the financial statements.

a) Revenue determination: The HSE determination allocation in respect of the Hospital's operating

expenditure is taken to income on an accruals basis.

b) Capital grants: Capital grants from the HSE in respect of capital expenditure are deferred

and are amortised to income over the life of the related asset.

### **TANGIBLE ASSETS**

Buildings are stated at 1993 replacement valuation together with additions thereafter at cost. Plant and equipment is shown at 1991 replacement valuation with additions thereafter at cost.

In accordance with the transitional provisions of FRS 102, these valuations have been treated in the financial statements as deemed cost.

Grant aided asset additions are capitalised under normal accounting practice.

Non-grant aided capital additions with a value in excess of €3,809 are capitalised under fixed asset additions.

Depreciation is calculated in order to write off tangible assets other than freehold land over their estimated useful lives by equal annual amounts, on the following basis and rates:

Buildings 2.5% straight line Plant and equipment 10% straight line Fixtures and fittings 10% straight line

Development in progress is not subjected to annual depreciation charges until the asset is brought into use but is stated net of impairment.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022

### 1. STATEMENT OF ACCOUNTING POLICIES - continued

### DONATED FIXED ASSETS

Donated fixed assets are capitalised at their current value on receipt, and this value is credited to the donated asset reserve. Donated fixed assets are depreciated as for purchased assets. Each financial year, an amount equal to the depreciation charge on the asset is released from the donated asset reserve to the profit and loss reserve.

### STOCKS

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell, which is equivalent to the net realisable value. Cost includes materials, direct labour and an attributable proportion of manufacturing overheads based on normal levels of activity. Cost is calculated using the FIFO (first-in, first-out) method. An allowance is made for obsolete, slow-moving, or defective items where appropriate.

### **PENSIONS**

Eligible employees of the hospital are members of the Voluntary Hospitals Superannuation scheme. This is a defined benefits pension scheme which is administered, funded, and underwritten by the Department of Health. The company acts as an agent in the operation of the scheme and does not make any contributions to the scheme. Contributions are received from eligible employees only.

In accordance with the service plan agreed with the Department of Health, pension contributions received may be offset against pension payments made and the surplus or deficit each financial year forms part of the funding for the company. The directors consider that the company has no responsibility for any liability that falls due as a result of any potential under funding of the scheme.

Contributions received from employees who are members of the scheme are credited to the profit and loss account as they are received. Pension payments made under the scheme are charged to the profit and loss account as they fall due.

Refunds of contributions paid are charged to the profit and loss accounts when notification is received from the Health Service Executive to make a payment to an employee who is leaving the scheme.

Certain employees are members of the Single Public Service Pension Scheme administered by the Department of Public Expenditure and Reform. Contributions from the employees are paid over to the department.

### FOREIGN CURRENCY

The Euro is the reporting currency of the company. Transactions in foreign currencies are recorded at the rate of exchange ruling at the transaction dates. Assets and liabilities denominated in foreign currencies are translated into Euro at the exchange rate ruling at the balance sheet date, with a corresponding charge or credit to the profit and loss account.

Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rates ruling at the balance sheet date with a corresponding charge or credit to the profit and loss account.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022

### 1. STATEMENT OF ACCOUNTING POLICIES - continued

### **LEASES**

### The company as lessee

Assets held under finance leases, hire purchase contracts and other similar arrangements, which confer rights and obligations similar to those attached to owned assets, are capitalised as tangible fixed assets at the fair value of the leased asset (or, if lower, the present value of the minimum lease payments as determined at the inception of the lease) and are depreciated over the shorter of the lease terms and their useful lives. The capital elements of future lease obligations are recorded as liabilities, while the interest elements are charged to the profit and loss account over the period of the leases to produce a constant periodic rate of interest on the remaining balance of the liability. Costs under operating leases are charged to the profit and loss account in the financial year to which they relate.

#### IMPAIRMENT OF ASSETS

Assets, other than those measured at fair value, are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss as described below.

### Non-financial assets

An asset is impaired where there is objective evidence that, as a result of one or more events that occurred after initial recognition, the estimated recoverable value of the asset has been reduced to below its carrying amount. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Where indicators exist for a decrease in impairment loss, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

### FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

### Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022

### 1. STATEMENT OF ACCOUNTING POLICIES - continued

### FINANCIAL INSTRUMENTS - continued

Financial assets and liabilities are only offset in the balance sheet when, and only when there exists a legally enforceable right to set off the recognised amounts and the company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognized when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the company, despite having retained some, but not all, significant risks, and rewards of ownership, has transferred control of the asset to another party. Financial assets and liabilities - continued

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled, or expired.

### 2. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the financial year in which the estimate is revised if the revision affects only that financial year or in the financial year of the revision and future periods if the revision affects both current and future periods.

### Going Concern

See note 3 for the directors' judgement in relation to the going concern basis of accounting.

### **Provisions**

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions also include provisions for bad debts.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting financial year, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

### Useful economic lives

The useful economic lives of tangible assets are key assumptions concerning the future at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. In determining these estimates, the company has considered the expected usage of the asset, expected physical wear and tear, technical and commercial obsolescence, and any other limits on the use of assets.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022

### 3. BASIS OF PREPARATION

The financial statements of Mercy University Hospital have been prepared on a going concern basis. The company recorded a deficit amounting to €1,303,270 (2021: deficit of €1,389,177) for the year ended 31 December 2022 and its net current assets at that date amounted to €4,351,471 (2021 net current assets: €4,187,469).

Mercy University Hospital continues to feel the impact of COVID19. The pandemic continues to give rise to exceptional costs from the employment of additional staff to support new ways of working, and infrastructural changes that must be made. Following the Cyber Attack that severely impacted the hospital, continued investment is being made to safeguard the hospitals IT infrastructure against further attacks. During 2022 Mercy University Hospital opened a new 30 bed Modular build. Staffing requirements to safely run and operate these wards were onboarded in 2022. It is expected that these costs will be funded fully by the Health Service Executive ("HSE").

The majority of the hospital's funding comes from the HSE. The directors have completed an assessment of the company's ability to continue as a going concern by reference to its current financial position and its cash flow forecasts for the foreseeable future. This assessment reflected assumptions in relation to funding requirements, activity levels, and cost increases. The company will continue to engage with the HSE in relation to its funding requirements. On this basis, and on the basis of past experience, the directors believe that adequate continued funding will be available to enable the company to provide services without significant curtailment for at least twelve months from the date of approval of the financial statements.

Accordingly, the directors consider it appropriate to prepare the financial statements on a going concern basis. The financial statements do not include the adjustments that would result if the company was unable to continue as a going concern.

### 4. TURNOVER

Revenue comprises the invoiced value of services supplied by the company within the Republic of Ireland. It comprises:

### 15. COMPANY STRUCTURE

The Mercy University Hospital Cork Company Limited by Guarantee is a company limited by guarantee, not having a share capital. It is guaranteed by members to the extent of €1 per member.

### 16. RESERVES

The profit and loss account reserve represents cumulative deficit to date.

The revaluation reserve represents the cumulative effect of revaluation of freehold land and buildings previously.

The donated asset reserve represents the value of donated assets received by the company net of the accumulated amortisation.

### 17. RELATED PARTY TRANSACTIONS

There are no related party transactions within the definitions of Section 33 of FRS 102 that require disclosure in these financial statements.

### 18. PENSIONS

Eligible employees of the hospital are members of the Voluntary Hospitals Superannuation scheme. This is a defined benefits pension scheme which is administered, funded, and underwritten by the Department of Health. The company acts as an agent in the operation of the scheme and does not make any contributions to the scheme. Contributions are received from eligible employees only.

In accordance with the service plan agreed with the Department of Health, pension contributions received may be offset against pension payments made and the surplus or deficit of contributions each financial year forms part of the funding for the company.

The directors believe that the funds required in the future to pay current liabilities, as they arise in the future, will be provided by the Department of Health under the Voluntary Hospitals Superannuation Scheme, 1969. The directors have arrived at this opinion having taken into account precedent set on the closure of certain other healthcare facilities in recent years where pension payments (including retirement lump sum payments) have been honoured by the Department of Health.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2022

### 18. PENSIONS - continued

Therefore, they believe that it is not necessary for the financial statements of the company to include the liability at the balance sheet date in respect of the pension entitlements accrued to that date by employees of the company, nor the other disclosure requirements of Section 28 of FRS 102 because the directors believe that the liability rests with the Department of Health. The above issue is similar to that applying in the majority of other publicly funded hospitals in Ireland.

In accordance with the accounting policy, contributions received from employees of €2,093,335 (2021: €2,115,329) were credited to the profit and loss account and pension payments of €5,143,226 (2021: €4,762,038) and lump sum payments of € 1,398,544 (2021: €1,163,498) were charged to the profit and loss account.

A new Single Public Service Pension Scheme (Single Scheme) commenced with effect from 1st January 2013. The Scheme applies to all pensionable first-time entrants to the Public Service, as well as former public servants returning to the Public Service after a break of more than 26 weeks. Benefits are calculated by reference to "referable amounts" for each year's service that are uprated by the CPI as notified by the Minister. All contributions deducted from members wages/salaries are remitted to the nominated bank account of the Department of Public Expenditure and Reform and not credited to the Profit and Loss Account. In the opinion of the directors, the Department of Public Expenditure and Reform ("DPER") is responsible for this Single Scheme and payments arising under this scheme to retiring employees are payable by the State. Contributions from the employees paid over to the Department in 2021 amounted to € 2,109,764 (2021: €1,669,418).
